If we cannot estimate the
Labyrinth of Time, how could we
possibly win against the evil empire?

This is where our kingdom will be,
so we must inspire ourselves and treasure
it with our hearts.

...According to the elders,
Madam Murayak had Lord Kibruk
approximately 100 years ago.

However, due to various
complications, she was
mentally unstable.

In fear that it
would affect Lord Kibruk,
she bound a servant to the
Dragon Pearl and sealed
him inside a barrier.

She then went into
hiding, and refused
any contact with the
outside world.

Afterwards, all we
Imagi could do was patrol
the area so that she could
rest peacefully.

Before long, the patrolling
missions decreased.

Humans took advantage of
this and went into where Madam
Murayak rested. They pilfered through
her residence, establishing the
Kingdom Earthside.

I had noticed
the Labyrinth of
Tears just before
Kain's mother...

I've read about the
labyrinth, but I didn't know
this side of the story.

How later
the humans
recorded it?

It just mentioned that
the labyrinth is a mysterious
place where dragon artifacts
can be found.

and that it's
guarded by guardians,
so it is dangerous...

Are there really
guardians in the
labyrinth?

No, but there
is something we
should be wary of

If we need to use
force, then so be it...

GO
GO
GO
GO

CREAK

Hey? What's
wrong with the car? Is
what's going on?

Uhh, I don't know.
The engine suddenly
stopped working—

I can't...

I made eye contact with it...

KAIRA, STOP!

It's okay!
I was just a little
surprised.

Easy there

Oh, it's changing color

Mr. Lee, what's going on?

It's recognized you as its new home and has changed its colour to adapt to it.

They instinctively search for a safe place, after all.

Why don't you try raising it?

Long ago, Ryunosuke raised some in order to shape them to their liking.

Wow! That's a good idea!

If Lady Ryunosuke raises one, it might become an automobile or a carriage!

I don't know if I can, since I don't have any food...

The core of the Dragon Pearl is enough food for a carriage beast to live on.

There are many carriage beasts in the forest

because the trees contain a lot of the dragon pearl's aura.

The Dragon reacted when his kingdom was in danger?

However, he stopped when he was told to.

I've heard that a Dragon's reaction also regards the friends' opinions.

Just as they choose their Royalty, it is their free will.

I thought his wife's name has
a rather pretty useful. Also,

he's got a great
personality, so he can
lighten the mood.

Since you're all here,
I'll call you "Nero".

05 Chapter 101

I simply want to
have as much time
as I can and Lady
seems to think

she will not trust
them that long, planning to
be in my back pockets to
keep me in check.

I cannot trust the
words of a man who
hides himself until he has
something to say.

Wouldn't you agree?

Disen, I also agree
that hiding yourself is a bit
rude, now that these two
are our companions.

But why do you
look like that?

You have a much
colder and smaller
form, don't you?

There are no more
that hill, we should
be obliged to see our
destination.

Torre, it's where K.ink's
mother once resided.

It's also where
the artist used by
that priesthood was
narrated!

... and so forth. You should always
have an army stationed there.
